

Sponsor a Horse

(and a few other needs at the Hanson Center)

It costs an average of \$2,500 annually to care for each of one of our horses. Help us provide the best possible care by sponsoring a horse or a routine need at the barn. Each month we will feature a new horse.

December's Horse of the Month: Prince

Prince is a wonderful, majestic, snow white half draft horse. He is part Perc heron and part Quarter Horse. Prince is stout and solid, but not too tall. He is young, only eight-years-old, and was a carriage horse before coming to the Hanson Center. He loves to put his huge head on your shoulder. Prince loves to gallop around the paddock with all of his equine friends, especially Barbie.

Sponsor Prince's care for a year: \$2,500

**Multiple sponsorships will be honored and recognized. Additional funds received will be used for horse and animal care and supplies that directly benefit the Therapeutic Horsemanship Program.*

Horses at the Hanson Center function as therapy horses and help hundreds of people each year including children and adults with disabilities, wounded veterans, those challenged with traumatic brain injury, anxiety and more.

By sponsoring a therapy horse at the Hanson Center, we will be able to support them to be in the best possible health by offering healthy diets, chiropractic treatments for sore backs, vitamin and joint supplements, and exceptional dental and veterinary care.

Can't sponsor a horse, but want to help with other costs at the Hanson Center?

Sponsor a need:

- Veterinary & Dental Care \$150
- Hay \$75
- Bedding \$125
- Tack \$50
- Farrier \$20
- Grain & Alfalfa \$100
- Fly spray \$10

To make a donation, visit Bidpal.net/hchorses, drop a check off at the barn or call 630-628-7172.
